Subscquently the parties were divorced, and neither party was restricted from marrying again-the husband relying on the religious faith of his wife (she being a Catholie) to prevent her from taking another husband. She did marry, however, and Mr. Ferguson thereupon stopped the supplies. He didn't relish the idea of leeding and clothing another man's wife without deriving some little benefit from the outlay. A suit was brought to compel the payment of the \$500 per annum, and it was decided in favor of the wife.

THE SHOOTING CASE IN WASHINGTON .-The Coroner's jury in this case returned a verdict that "the deceased came to his death from the effect of a pistol ball from a pistol in the hands of Doddridge C. Lec." Immediately after the homicide, Mr. Lee delivered himself to Justice Drury. After an examination by Justices Drury and Clark he was released on giving bail in the sum of \$10,000 for his appearance for trial at the next term of the Criminal Court. How to Make Goon Cheese.—Old Svuire J. —, of Addison county, Vt., was famous for bringing to market a better article of cheese than any of his neighbors, which occasioned a merchant to inquire "how it happened." "I think I can tell you the secret of it," said the squire. "You may have noticed that, when the milk stands for a while in the pans, there is a kind of yellow seum that rises on top of it. Now some women are so dreadful neat that they skim this all off; but my wife ai'nt so pertickler, but stirs it all in together, and ra'aly, I think the cheese is all the better for it." - Post.

A GREAT SUGAR CROP .- It is said that Col. John Preston has realized \$360,000 for tie last crop of his Louisiana sugar plantations, the cane having been mostly converted into molasses worth 50 cents per gallon. Whereupon the New York Tri-
